

Results of Survey of Student Opinions of the Online Techshare eLearning Program

The purpose of this survey was to measure the opinions and attitudes of the students regarding the use of the Online Techshare eLearning Courseware. The survey was administered online on December 2022 and received 3682 responses.

The survey consisted of multiple-choice questions presenting the user with statements pertaining to the general features, process and methodology of the Techshare eLearning system.

Additionally, a free form space was provided to allow the students to provide their additional comments and suggestion in relation to Techshare eLearning system.

Additional information such as name, section and year level was also solicited.

The following are the full set of survey questions and the summary of responses from the students.
